Streetscape in East Walnut Hills

As part of the City's continued investment in the neighborhood of East Walnut Hills, the streetscape project on Woodburn Avenue between William H Taft Road and Madison Road will begin on September 17, 2007. The work will include new decorative street lights and signs, resetting the granite curb, installation of brick pavers and new sidewalk, and relocation of existing overhead utilities to new underground conduit systems. The work will be complete in May 2008.

Drivers are encouraged to help improve safety by reducing their speed and using caution when approaching the work area.
